New Shop in the Arts District!

One of Englewood's newest shops, that opened last month on 3rd Friday Art Walk is **Ezra October's Fantastical Creations** and is located along side of the The Darkwood House Gallery at 10918 E Winner Rd. When you walk in, it is as if you are entering another world; a magical space where anything you dream can be brought to life.

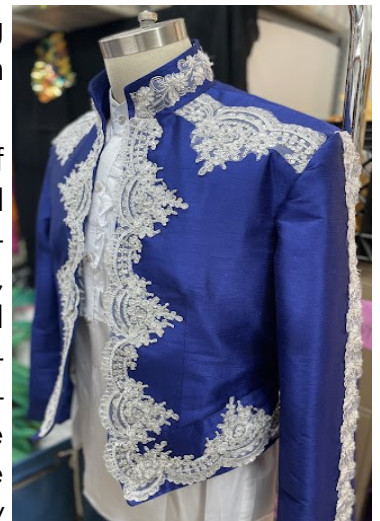

Ezra Ethetton is a transgender man and lover of all things beautiful. It is his pleasure to be a tailor and fantastical costume designer, specializing in commissions ranging from daily wear to eveningwear, dance, and theatre costumes, and event pieces. He has been sewing since as long as he can remember, sewing washcloths into pockets and making his own Halloween costumes year after year. He loved the idea of being able to bring 2D objects to life into the 3rd dimension, with just an outfit turning into someone different, something else. He trained under costume designers and master tailors for years, cultivating his ability and

learning the rules so he could fashionably break them. Ezra firmly believes that when anyone puts on a good outfit or costume, they can become someone they never were before; a powerful ruler, an ancient spirit, a beautiful deity, or even a simple milkmaid. He uses his love for historical clothing and fantasy costumes, as well as subcultures in fashion to create unique, timeless clothing.

All of the clothing is made avoiding the use of sweatshop labor; from the textile to the finished garment. One focus on using recycled materials and bio-degradable materials such as linen, wool, and silk, all of which will feel wonderful and natural and will decompose unlike polyester. That way, everyone can wear clothes guilt-free. Everything is fully customizable, from the color to the material and the fit for your unique body, and proud to say that he services any gender and any size, from 2XS to 6XL and beyond.

If you're ever looking for clothing made to fit you, specialized down to the very detail to make you comfortable and confident, stop by 10918 E Winner Rd, or contact Ezra by email for a quote: EzraOctober@gmail.com

Or you schedule an appointment for 2 at your convince.

ENGLEWOOD

Summer Arts Camp

Sponsored by Englewood Arts June 20 thru July 29, is a great way for children, **ages 7-12**, to experience first hand, the power of art making, while learning a variety of new things in one of our four dedicated classes. Our second year of camp will run from **8:30am to 3:30pm, Monday- Friday** and will focus on the visual arts and give the children the openness to explore their own ideas as we teach them how to sculpt, paint, draw, and assemble their way to becoming amazing artists.

Thanks to the wonderful generosity of our donors we are pleased to offer full and partial scholarships for **a single class**, apply through the scholarship application button below on our web site.

Each week is associated with a different theme and we will be utilizing clay, painting, drawing and sculpting to bring those themes to life. Classes per week cost **\$245** with an additional **\$75** for lunch (optional). Pick one that sounds like the most fun for you! See all classes on our website. if you are interested in applying for a scholarship please make sure to click the Scholarship application separately.

Week 1: Making Music (June 20 – 24)

Music is all around us and we can make beautiful music together. Play and make some noise as we turn everyday items in to beautiful sounding Instruments and create an orchestra.

Week 2: Food of Art History (June 27 – July 1)

Images of food have always been a popular subject in art, we will be looking at artistic food and using it to make art. We can have fun reimagining our favorite

snacks through sculpting and paintings.

Week 3: Rec-Creation (July 4 - 8) Working as a team to make Art. Our sports and recreation week will have us building our own sculptures in a competition, while we stay active in our drawings, paintings and making new games!

Week 4: S.T.E.A.M. (July 11—15) Science & Technology, interpreted through Engineering and the Arts based in Mathematics. We will use creative problem solving and art to make kinetic sculptures, while learning to make primitive robots and more! **STEAM WEEK IS FULL! Registration for this class will put you onto a waiting list.**

Week 5: Plants, Bugs and Birds (July 18- 22)

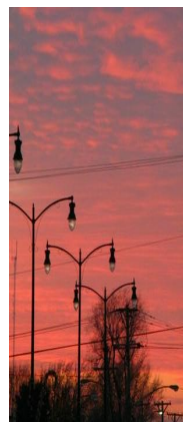

From the smallest seeds to the largest trees we will have fun exploring Nature. We can sculpt bugs, use flowers and leaves as painting tools and then add them to a beautiful collage as we learn more about the world around us.

Week 6: All About Animals (July 25 –29)

We will be exploring the animal kingdom through drawing, painting and sculpting. We get to talk with experts about wildlife and learn everything we can about our favorite animals and even some we never hear of.
